

Guided Notes — Functions in the Wild

Composition, Inverses, Applications & Multivariable Functions

Class 4 — Math Summer Camp

Name: _____ Date: _____

Part 1 — Building and Undoing Functions

Composition

DEFINITION

INTUITION

EXAMPLE

Inverse

DEFINITION

INTUITION

EXAMPLE

Part 2 — Functions in the Real World

Injective in the wild

MEANING

WHAT PROVING IT GUARANTEES

EXAMPLE

Surjective in the wild

MEANING

WHAT PROVING IT GUARANTEES

EXAMPLE

Bijection in the wild

MEANING

WHAT PROVING IT GUARANTEES

EXAMPLE

Application problems

Part 3 — Multivariable Functions

Multivariable function (two inputs)

DEFINITION

INTUITION

EXAMPLE

Domain, codomain, range (two inputs)

Graphing a two-input function (a 3D surface)

INTUITION

EXAMPLE

Injective / surjective / bijective with pairs

INTUITION

EXAMPLE
